

Our Universe – 400 Years After Galileo

2009 is the fourth centenary of Galileo's first recorded observations with the telescope. The United Nations has named it the International Year of Astronomy.

In celebration of the International Year of Astronomy, our conference takes the theme of our changing view of the universe.

 UNIVERSITY
of NEW HAMPSHIRE

Funded in part by New Hampshire Space Grant Consortium.

October 16-17, 2009

The University of New Hampshire Physics Department is hosting the fall meeting of the New England sections of the American Physical Society (APS) and the American Association of Physics Teachers (AAPT).

Plenary sessions • Contributed Papers
Workshops • Posters and more . . .

For information on the event, registration, conference venues, contacts and more, visit astrophysics.sr.unh.edu/nesaps.
